

March 2020

Postponement of the ASOCSA 14th Built Environment Conference

TECHNOLOGY, TRANSFORMATION AND SUSTAINABLE CONSTRUCTION

June 28-30 2020

Dear Friends and Colleagues,

Due to the ban on all gatherings of more than 100 persons, the travel ban on foreign travel and travellers entering South Africa, and restrictions on domestic travel within South Africa announced by the South African government, the Association of Schools of Southern Africa (ASOCSA) 14th Built Environment Conference scheduled to be held from June 28-30, 2020 in Durban, South Africa has been postponed until further notice.

We continue to accept full papers which will be subject to the usual stringent review process to enable a rapid ramp-up as soon as the current COVID-19 virus crisis has been averted and the conference rescheduled.

Should the conference not proceed at all, ASOCSA is investigating alternative means of still delivering a conference albeit in a different format.
