**About the CIB World Building Congress**

The CIB World Building Congress is a triennial world-class event where corporate leaders, public policymakers, and prominent professionals from around the world share views and experience on issues facing the industry. Led by the theme 'Constructing Smart Cities', the five-day, 2019 Congress will provide a platform to explore smart city development and its role in society.

Speakers will deliver keynote presentations and case studies, and lead roundtable discussions to reveal the latest smart building, construction and infrastructure trends, practices and developments.

Join us at the World Building Congress 2019!
