

The Impact of COVID-19 on Construction

VIRTUAL Seminar – October 28, 2020

The COVID-19 pandemic is forcing organizations to cut costs while improving production. Construction must adapt to these changing times to be successful. CIB W117 wanted to invite the working commissions to join a virtual session to learn about the latest technology in the industry that allows organizations to cut costs, speed up procurement, decrease risk and increase the quality of projects!

WHY SHOULD I ATTEND?

- Decrease project costs up to **30%**
- Increase quality of services received
- Reduce management time by **50%**
- Significantly reduce risk on a project

BEST VALUE RESEARCH

Criteria	Metrics
Projects Delivered	2000 +
Projects Delivered	\$6.6 Billion
Projects on Budget	94%
Projects on Time	98%
Customer Satisfaction	95%
