This year's IBEW is specially curated with a series of webinars, virtual tradeshows, innovation showcases and networking and business matching sessions, all designed to support your journey towards a smooth and transformational recovery from the disruptions caused by COVID-19. Find out how you can leverage innovation and technology to emerge stronger for greater resilience and adaptability.

Register for the digital IBEW 2020 now for an opportunity to share ideas and experiences with the global built environment community, expand networks and establish synergistic collaborations.

COVID-19 has brought along many unprecedented challenges to the built environment sector and values chain, both in Singapore and globally. The impacts of COVID-19 will form the backdrop of the discussions at this year's International Built Environment Conference (IBEC). Calling for a rethink of the way we design, build and operate our buildings for greater resilience against such disruptions, the IBEC will look

into the best practices and innovation in digitalisation, sustainability, advanced construction and smart facilities management.
