

ESBE 2022

European Regional Conference (12th-13th Sept 2022)

The economics of sustainable building delivery

CALL FOR ABSTRACTS

Building on the COP 26 Legacy

The overall conference theme for ESBE22 is “Innovations for sustainable building delivery” with the focus being on the implementation of sustainable buildings & in particular, economic & policy barriers to their realisation. In order to achieve this, the ‘built environment’ itself needs to be more widely defined (including infrastructure & the whole ‘build-back-better’ agenda) & its delivery need to explore current & emerging trends in the wider socio-economic context (including circular economy).

ESBE22 will aim to achieve this in four thematic priority areas:

- Delivering sustainability in times of climate emergency
- Role of procurement in sustainable building delivery
- Circularity & building economics
- Digital tools for sustainable building delivery
- Other; *abstract themes may be expanded if necessary.*

ESBE22 is aligned with the United Nations Sustainable Development Goals

Early-bird discount for registrations received by 15 June 2022

Prizes awarded for Best Paper & Best Doctoral Workshop Presentation.

Abstracts are currently being accepted for consideration

Proposed Deadlines:

- Abstract submission **13 Feb 22**
- Acceptance notification **4 Mar 22**
- Full paper submission **15 Apr 22**
- Full paper decision **10 May 22**
- Final paper submission **1 Jul 22**
- Video submission **19 Aug 22**

Submission Guidelines

- Abstracts should be 300 words or less & include up to 5 keywords.
- Only authors or abstracts that pass the peer review process will be invited to submit full papers.
- Full papers must not exceed 10 sides of A4 & adhere to the paper template.
- Each abstract will be reviewed by two members of the Scientific Committee.
- If accepted, authors will be invited to present the paper at the conference by submitting a video presentation (10 mins).
- At least one of the authors must be able to attend the conference & be available for online Q&A.
- You will be notified via email that your abstract has been received, accepted, or rejected by our Scientific Committee.
