

MODULAR AND OFFSITE CONSTRUCTION SUMMIT

The **2022 Modular and Offsite Construction (MOC) Summit** is being held in Edmonton, Alberta, Canada, on **July 25–29, 2022**, in conjunction with the 30th annual conference of the International Group for Lean Construction (IGLC) and the Construction Innovation Centre (CIC) Forum. This exciting multi-conference event will encourage networking among academics, practitioners, and industry stakeholders, and will offer presentations encompassing leading-edge research and best practices in the area of modular and offsite construction.

Early-bird registration rates are available until June 15

[Register now](#)

The multi-conference features:

Workshop Day + Site Tours (July 25), Industry Day (July 26), and a 3-day technical conference (July 27–29).

Workshop Day

Morning: Choose one parallel workshop:

- Workshop 1: Collaborative Decision Making: Choosing by Advantages
- Workshop 2: Setting up a team for Lean + Prefab success
- Workshop 3: Introduction to Lean and the Last Planner System
- Workshop 4: Industry 5.0 & IPD, Opportunities, challenges, and key elements for project team success

Afternoon: Industry site visits

- University of Alberta site tour, [University Commons building](#)
- Facility tour at [ACQBuilt](#)
- Facility tour at [All Weather Windows](#)
