Nazanin Kordestani

Nazanin, a PhD student at Massey University's Built Environment School, is conducting pioneering research on Offsite Construction and BIM Integration in New Zealand. With a master's degree in construction and project management and a bachelor's degree in industrial design, she brings a diverse skill set to her research. Her focus is on utilizing BIM technology to drive sustainable construction practices. Nazanin's expertise and contributions to the field have been recognized, as she was awarded the prestigious title of "Best Reviewer of 2022" for the esteemed International Journal of Construction Management. Nazanin was announced the winner of the inaugural CIB Keith Hampson ECR-Industry Award in January 2023.
