Exploring how industrialised construction can help
deliver affordable housing at scale across Europe

DAY 1

Delivering Affordable Housing at Scale

Day 1 brings together local authorities, academia and industry to explore housing issues and how industrialised construction can contribute to delivering housing at scale.

KEY THEMES

- Housing delivery across Europe
- Place-based and infrastructure-led growth
- Industrialisation as a housing delivery system
- Procurement, supply chains and delivery models
- International lessons from Northern Europe
- Practical actions for policy, clients and industry

DAY 2

CIB UK & Europe Strategic Session

A collaborative workshop focused on sharing experiences, identifying common challenges, and shaping future research and innovation priorities for housing delivery and industrialisation across Europe.

KEY THEMES

- International lessons and best practice
- Collaboration and knowledge exchange
- Future research and innovation priorities
- Building a shared European research agenda for action
